Trees and shrubs in hedge
Herbs and grasses on bank
Fauna

Oak | Dogs mercury
Hazel (alder) | Harts tongue fern
Sallow | soft shield fern
Holly | wood sorrel
Sycamore | herb Robert
Ash | cherry
Blackthorn | Field maple
Bramble |

SUMMARY DESCRIPTION

From A the boundary is on the east side of Bottle Lane and its extension to the lost habitation of Marless. It continues northwards along a small stream in a steep sided gully to join the Blackwater River at B.

The boundary is mostly wooded with some large oaks and unusually, some cherry trees. An ash tree is marked on the old maps where the boundary changes from the W to the E side of the stream.
